About Me

Professional cinematographer looking to secure consistent work with documentary film crew. Over 7+ years of experience working in the profession, with numerous past television and film productions in portfolio. Have worked with several different directors and producers who have helped to gain exposure to several different production styles. Well-versed in production design, lighting, and acoustics. Familiar with editing software programs and adept at working with audio engineers to help match sound to shot. Expert-level understanding of camera equipment, including operation and maintenance. Accustomed to working in any sort of conditions, including outdoor sets.

Work Experience

Completed 2 photography projects for "Bird Marathon (Narora)
In 2013 & 2017."

Managed, exclusion zone bird census in 2013 for "Nuclear Power
Corporation of India Limited (India)."

Later in 2017, completed a photo story on "Robber Fly" (Insect) with
special focus effects on predators, along with presenting behaviour of
Robber fly.
